PROFESSIONAL SUMMARY

Computer Science undergraduate at Bells University of Technology with practical experience building responsive web applications using HTML, CSS, JavaScript, TypeScript, React.js, Next.js, Tailwind CSS, and NestJS. Passionate about creating clean, scalable, and user-focused software while continuously expanding my full-stack development skills. Strong problem-solving abilities, a growth mindset, and eagerness to contribute to real-world software engineering projects through internship opportunities.

TECHNICAL SKILLS

Languages

- JavaScript
- TypeScript
- HTML5
- CSS3

Frontend

- React.js
- Next.js
- Tailwind CSS
- Responsive Web Design

Backend

- NestJS
- REST APIs
- PostgreSQL (Learning)

Tools & Technologies

- Git
- GitHub
- VS Code
- Vercel

Soft Skills

- Problem Solving
- Team Collaboration
- Communication
- Time Management
- Continuous Learning

- Adaptability
-

PROJECTS

Personal Portfolio Website

Technologies: Next.js, TypeScript, Tailwind CSS

- Developing a modern, responsive portfolio to showcase software development projects and technical skills.
 - Implementing reusable components using React and Next.js.
 - Optimizing for performance, accessibility, and mobile responsiveness.
 - Deploying with Vercel.
-

Task Management REST API

Technologies: NestJS, TypeScript, PostgreSQL

- Built RESTful APIs for task management using NestJS.
 - Implemented CRUD operations for managing tasks.
 - Connected the application to a PostgreSQL database.
 - Applied clean project structure following backend development best practices.
 - Added validation using DTOs and class-validator.
-

Additional Projects

Currently building more full-stack applications to strengthen practical software engineering experience and expand my portfolio.

EDUCATION

Bachelor of Science (B.Sc.) in Computer Science

Bells University of Technology, Ota, Ogun State

October 2024 – Present

Relevant Coursework:

- Data Structures & Algorithms
 - Object-Oriented Programming
 - Database Systems
 - Web Development
 - Software Engineering
-

ACHIEVEMENTS

- Consistently improving full-stack development skills through hands-on personal projects.
 - Actively learning modern backend development with NestJS and PostgreSQL.
 - Maintaining an active GitHub profile with personal development projects.
-

CAREER OBJECTIVE

Seeking a Software Engineering or Full-Stack Development Internship where I can apply my technical knowledge, contribute to meaningful projects, collaborate with experienced developers, and continue growing as a software engineer.
